

Dr. Ranjay K. Singh Completes Prestigious Fulbright Fellowship

Dr. Ranjay K. Singh working as Senior Scientist (Agril. Extn.) at Central Soil Salinity Research Institute, Karnal, Haryana has been awarded and completed successfully prestigious Fulbright Fellowship in United States. This Fellowship was awarded to Dr. Singh for 2010-2011 by United States India Educational Foundation (USIEF), New Delhi-USA under the Environmental Leadership Programme for working on “community based natural resources conservation’ at School of Natural Resources and Environment (SNRE), University of

Michigan, Ann Arbor, Michigan, USA. In this four months of fellowship (Feb 1st to May 31st 2011), Dr. Singh has worked on approaches and methods of community involvement in sustainable agricultural natural resources conservation and climate change adaptation. The work experience gained at SNRE under Fulbright Fellowship would enable Dr Singh to further execute research on location specific community participation in sustaining natural resources in climate change scenario. Fulbright Fellowship is worldwide competitive fellowship, and is given to a fellow for excellence in a respective subject area. This fellowship also helps in developing better trust and cultural relationships between citizens of India and USA.
